### Breaking the Ice

Learn more about my experiences with helping horses become more comfortable around the camera, and working with the right equipment to match the type of shoot you're going for.

I'll be going into more detail about lenses and settings, but also how to plan out the shots and my positioning ahead of time to work quickly when the animals are involved.

## A Theatrical Approach

How can I show so many different fields of work without sacrificing the quality of the showcase? This was the question that bugged me for years; the dread of needing to choose one skill to showcase in a portfolio, at the cost of my other skills.

Read more to find out how approaching the portfolio as a platform helped solve this issue, while bringing a familiar user interface to most visitors.
